Still, at this price it's not really a ripoff or anything, just know that it's a very basic game.. There are many levels, simple and hard diffecult, you not only logic, but also speed.. Feel like an electrician in a fun electric game called Electric Scribe Spend energy in the house and save people from boredom and despondency.. [ly/324SWXf](http://bit.ly/324SWXf)About This GameNo electricity? Internet does not work? It is necessary to repair.. electric scribe 2000 ltd electric scribe ltd electric scribe tool electric scribe steamThe Gameplay just consists of turning those tubes.

Actually decent game and enjoyable until you reach Level 16 It's unsolvable You'd have better luck solving the Lament Configuration (Hellraiser puzzle box) and surviving than getting pass level 16.. Although this seems repetitive, i quite enjoyed this game Sadly and thankfully, its just about 30 minutes long to beat the 30 levels don't need to be finished on 3 stars for 100%.. Meh, this game is decent at best Reminds me somewhat of pipe dream but with a less interesting mechanic..
